9. Have you had any eye surgery before? _____

- By seeing Dr. Menghani, you enter a physician-patient relationship. Unless directed by you, we will keep your records confidential and only share them with your primary care physician and you. If your insurance does not cover your services or you have lost coverage, you agree to pay \$130 for a new visit and \$90 for any follow-up visits. Dr. Menghani does not sell eyeglasses. He will provide a courtesy (at no charge) prescription with your medical visit. You may take this to any optical vendor or optometrist to purchase eyeglasses with or without insurance.

PPO patients: If you have not met your deductible, you will be charged cash prices.
